

MONTHLY POOL MAINTENANCE

CHECKLIST

This checklist contains a few items that if purchased will drastically reduce your amount of time maintaining your above ground pool.

Item 1

Visually inspect the outside perimeter of the pool to look for any signs of leaks or damage.

Item 2

Check your vinyl liner for any holes, tears or irregularities.

Item 3

Test and adjust calcium hardness.

Item 4

Test and adjust cyanuric acid (stabilizer).

Item 5

Test and adjust TDS Levels (Total dissolved solids).

Item 6

Inspect filter o-rings and fittings.

Item 7

Inspect motor o-rings, seals and fittings.
